

Elite Nickel

Formulated using
HyGrow-Wik
Technology™

Elite Nickel is a liquid foliar fertilizer containing highly soluble, amino acid complexed nickel. It is a systemic nickel nutritional and is formulated to quickly, and safely, correct and prevent nutritional deficiencies in plants. **Nickel plays an important role in nitrogen metabolism, seed germination, vegetative and reproductive growth, and photosynthesis.** Elite Nickel may be applied by air or with all types of ground spraying equipment. It is compatible with most common foliar pesticides and nutrients, with the exception of some phosphates/phosphites. However, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

Guaranteed Analysis:
Nickel (Ni) 12%

Source Derived From:
Nickel Amino Acid Complex

Apply early, prior to rapid growth, to allow nickel levels to reach optimal levels. It is recommended to monitor levels using tissue analysis.

Suggested Foliar Applications:

Vegetable and Row Crops (Young): Apply 4 fluid ounces
Apply in one week intervals. Repeat 4 times throughout the growing season or as needed to correct nickel deficiency.

Vegetable and Row Crops (Mature): Apply 8 fluid ounces

Tree Crops (Young): Apply 8 fluid ounces

Apply in regularly scheduled sprays. Repeat 4 times throughout the growing season or as needed to correct nickel deficiency.

Tree Crops (Mature): Apply 16 fluid ounces

Pecan/Walnut Tree Crops (Young): Apply 16 fluid ounces

Apply in regularly scheduled sprays. Repeat 4 times throughout the growing season or as needed to correct nickel deficiency.

Pecan/Walnut Tree Crops (Mature): Apply 32 fluid ounces

SHAKE WELL BEFORE USE

Content: 2.5 US Gallons
